STRATO-CLIPPER DITCHED, ALL HANDS SAVED—This massive Pan American strato-clipper (top), with 31 persons aboard, was ditched in the Pacific about 1,200 miles east of Honolulu. Engine trouble forced the pilot, Richard Ogg, to set the plane down. All 31 persons were saved. The Coast Guard weather ship, Pontchartrain (below) picked up the 24 passengers and seven crew members from their life boats.

Portsmouth Law Officials Target of Citizen Group

Israel Labels Egypt as Its Worst Enemy

JERUSALEM (AP)—Premier David Ben-Gurion declared today the greatest danger facing Israel is a possible attack by the "Fascist dictator of Egypt."

Winding up a three-day foreign policy debate in the Israeli Parliament, the 70-year-old government chief said of Egypt's President Nasser:

"We must know who is our most dangerous enemy—the dictator of Egypt who rules his country by force, who wants to rule all Arab countries by force and who does not hide his intention to destroy Israel by force."

At the end of the speech, Parliament approved his foreign policy declarations 76-13.

The right-wing Nationalists' Herut party, which advocates a "preventive war" against the Arabs, and the Communists voted against the government policy.

In Cairo meanwhile, the newspaper Al Shaab quoted the Egyptian army's commander in chief, Gen. Abdel Hakim Amer, as saying Egypt would intervene of Jordan or any other Arab state was invaded.

Israel has denied Arab charges she is massing troops on Jordan's frontier and labeled the accusation a screen to mask Jordan's own military activities.

In New York, U. N. officials reportedly agreed to call the Security Council into session Friday to consider Jordan's request for a review of the border situation.

Girl's 'Bloody Arm' Funny to Youths, But Not to Cops

ZANESVILLE (AP)—An automobile moved down one of Zanesville's main streets Tuesday with a human arm, apparently all bloody, dangling limply from the trunk compartment.

Within the next hour reports of the car and the arm began to pour into police headquarters.

Someone got the car's license number, and later police picked up three 16-year-old girls, all sophomores at Zanesville High school.

It appeared the incident was just the girls' way of having some good fun. But it wasn't funny to police. The girls were charged with disturbing the peace and hearings for them will be held in juvenile court here Oct. 23.

Police said one of the girls had smeared her arm with ketchup and crawled into the trunk to perpetrate the joke.

Passenger Tells Experience As Big Airliner Is Ditched

SAN FRANCISCO (AP)—"With the help of God, we knew we were going to get through all right," Mrs. Jane Gordon of Silver Spring, Md., said Tuesday night on a radio broadcast from the Coast Guard cutter Pontchartrain to San Francisco.

Mrs. Gordon was one of the 31 persons (24 passengers and 7 crewmen) on the Pan American Strato-cruiser, "Sovereign of the Skies," ditched in mid-Pacific Tuesday.

She said everyone was "very nervous, inwardly" at the beginning of the five hours the crippled airliner circled over the ocean waiting for dawn to ditch beside the cutter.

Capt. Richard Ogg, the pilot, said:

"We had a certain job to do, and it had to be done just right, or else. . . . Ogg spoke on a ship-to-shore broadcast set up by the Coast Guard.

Cmdr. William K. Earle, captain of the Pontchartrain, expressed the "greatest pride" in the rescue. Every one of the 31 persons on the plane was put aboard the cutter within 21 minutes after the

Whisky Hollow Bananas Available

RAINBRIDGE (AP)—Is your mouth watering for that autumn delicacy—the paw-paw? You can get paw-paws at Rodney Gragg's country store in Paint Valley near here, where the popular name is "Whisky Hollow Bananas."

The paw-paw is "bountiful" this year in southern Ohio's Ross County, says Gragg, who likes to lecture about the paw-paw being of the custard-apple family grown on the asimina triloba tree.

This is the season for apples, sorghum and stone-ground cornmeal and buckwheat in Gragg's old-time grocery, where he sells everything from second-hand books to antique firebells.

Geer Enters Innocent Plea On Dope Count

LANCASTER (AP)—Dr. Joseph A. Geer, Fairfield County coroner, pleaded innocent today to 13 counts of narcotics violations. He was arraigned before Common Pleas Judge Harry Kilburger. No date was set for trial.

Bond in his case was continued at \$2,500 after the coroner entered his plea through his attorney.

Dr. Geer was indicted by the September grand jury after the panel had heard four days of testimony.

The grand jury action concluded an investigation into the deaths of Dr. Geer's two wives, Jeanne, who died Jan. 14, 1954, and Constance, who died last June 28. Police had entered the investigation when an autopsy report disclosed Constance Geer had died from "narcotic intoxication."

Federal narcotics agents made a prescription check of Lancaster drug stores at the request of County Prosecutor E. Raymond Morehart. The grand jury indictment was based on their findings.

Jeanne Geer's body was exhumed during the investigation. However, her death was attributed to a heart condition, bearing out the cause of death as signed by Dr. Geer on her death certificate.

Kennel Manager Held for Slaying

CLEVELAND (AP)—Police today were preparing charges against Andrew Petroff, 29, in the Oct. 8 slaying of Frank Lewis, 39, a Mayfield kennel manager.

Cuyahoga County Sheriff Joseph M. Sweeney said Petroff admitted beating Lewis to death in the home of Miss Florence Keller, 59, where both men resided.

Sweeney quoted Petroff as saying he had argued with Lewis after a night of drinking, and that he pounded Lewis in the stomach.

GOP 'Hard Money' Policies Rapped

LANSING, Mich. (AP)—Adlai E. Stevenson, Democratic candidate for President, today blasted what he called the "hard money" policies of the Eisenhower administration.

He said high interest rates had stopped home building, made it more difficult to buy automobiles and television sets, was "hard on the ordinary citizen and easy on the large financial institutions."

Contending that the GOP had not stopped inflation, he said:

"This is an old Republican habit. Hard money in the towns and hard times on the farm brought hard times everywhere the last time the Republicans were in office—and it can happen again."

Stevenson said that in the fiscal year 1956, ending last June 30, corporations paid \$170 million less taxes than in 1952 despite record profits. In the same period, he said individuals paid \$5 billion more in taxes.

Stevenson told an early morning crowd in Niles that Vice President Nixon took back in four days his proposal for a four-day work week for the nation.

THE DEMOCRATIC presidential nominee said Nixon had proposed on a recent Saturday that the nation make a four-day work week one of its economic goals.

"But by next Tuesday he took it all back," Stevenson said. "So I will have to say the Republican back at the Republicans."

Ike Campaigning In Far Northwest

SEATTLE (AP)—President Eisenhower turned his campaign today to the battle for Washington state's nine electoral votes.

The President's big pitch for the Washington vote comes tonight in an address at a rally at Civic Auditorium. He will be plugging too for election of Republican Gov

Passenger Tells Experience As Big Airliner Is Ditched

SAN FRANCISCO (AP)—"With the help of God, we knew we were going to get through all right," Mrs. Jane Gordon of Silver Spring, Md., said Tuesday night on a radio broadcast from the Coast Guard cutter Pontchartrain to San Francisco.

Mrs. Gordon was one of the 31 persons (24 passengers and 7 crewmen) on the Pan American Strato-Cruiser, "Sovereign of the Skies," which ditched in mid-Pacific Tuesday.

She said everyone was "very nervous, inwardly" at the beginning of the five hours the crippled airliner circled over the ocean waiting for dawn to ditch beside the cutter.

Capt. Richard Ogg, the pilot, said: "We had a certain job to do, and it had to be done just right, or else..." Ogg spoke on a ship-to-shore broadcast set up by the Coast Guard.

Cmdr. William K. Earle, captain of the Pontchartrain, expressed the "greatest pride" in the rescue. Every one of the 31 persons on the plane was put aboard the cutter within 21 minutes after the ditching.

EARLE PRAISED Machinists Mate 2c Ronald Christian from Los Angeles. After the plane's personnel had been picked up from the life rafts, Christian entered the sinking ship to be sure that no one had been left behind.

The ditching operation took place on a carpet of fire extinguisher foam laid down by the cutter. The foam helped smooth the sea, gave the pilot a better sighting strip on which to land and reduced fire hazard. As an additional precaution, flight engineer Frank Garcia flooded the two inboard wing compartments, housing the engines still operating, with extinguisher foam just at the moment of landing.

The plane's two outboard engines had failed just after the Strato-Cruiser passed over the Pontchartrain, on duty at Station November as a weather observation ship, and just past "the point of no return" on the 2,400-mile flight from Honolulu to Frisco.

"We had mechanical difficulties," Ogg explained, "and lost altitude down to where we had low air speed and high fuel consumption. There were no alternatives. We had to ditch."

GOP 'Hard Money' Policies Rapped

LANSING, Mich. (AP)—Adlai E. Stevenson, Democratic candidate for President, today blasted what he called the "hard money" policies of the Eisenhower administration.

He said high interest rates had stopped home building, made it more difficult to buy automobiles and television sets, was "hard on the ordinary citizen and easy on the large financial institutions."

Contending that the GOP had not stopped inflation, he said:

"This is an old Republican habit. Hard money in the towns and hard times on the farm brought hard times everywhere the last time the Republicans were in office—and it can happen again."

Stevenson said that in the fiscal year 1956, ending last June 30, corporations paid \$170 million less taxes than in 1952 despite record profits. In the same period, he said individuals paid \$5. billion more in taxes.

Stevenson told an early morning crowd in Niles that Vice President Nixon took back in four days his proposal for a four-day work week for the nation.

THE DEMOCRATIC presidential nominee said Nixon had proposed on a recent Saturday that the nation make a four-day work week one of its economic goals.

"But by next Tuesday he took it all back,"

Personal Tax Deadline Is Saturday-Fabb

Saturday is the deadline for paying personal and classified taxes in Fayette County. Treasurer Charles A. Fabb said Wednesday morning that plans called for closing the books for this, the second and final collection period of this year.

Payments to date had not yet been totaled, but the treasurer estimated there were between 275 and 280 bills unpaid.

Statements for the personal tax on wheat stored under government contract were included with other tax bills, but Fabb pointed out that he has been restrained by court order from collecting the grain tax.

He suggested that some may have erroneously taken this restraining order to cover all personal and classified taxes. To correct any such impression, Fabb said all personal and classified property taxes — except those on stored wheat assessed by the Ohio Department of Taxation — are payable now.

With only 2 1/2 days left, the staff in the treasurer's office is anticipating a rush in the closing days of the collection period.

Nearly a month ago, a letter asking Attorney General C. William O'Neill "to look into the merits of these claims (state - assessed tax on stored wheat), determine the justice of the assessment and... render an opinion" was put in circulation among the farmers of Fayette County. Wednesday the letter, with nine sheets of signatures, was left at the attorney general's office by James McWilliams.

Portsmouth Strike

(Continued from Page One)
governor has that power and do not mean to imply that step will be taken.

A motion by a Portsmouth resident, Michael Segal, to ask the governor to send in the National Guard, died for lack of a second. The group appeared to feel it should first exhaust all possibilities of improving local law enforcement.

THE CITIZENS group wants Portsmouth Police Chief Hugh Rudity and Scioto County Sheriff Burl Justice to be at the council meeting to answer questions.

The group named a steering committee to prepare questions for councilmen and decide on the group's policies and future actions.

Dr. Chester Allen, former Portsmouth mayor, said the group must be prepared to oppose those who might think law enforcement has been adequate.

Later, the Rev. Bernard T. Lomas of Trinity Methodist Church where the meeting was held, said the group represented all faiths in the Portsmouth area.

"It's up to every one of you to see that we get the law enforcement we deserve," said Flohr, assistant chairman of the meeting. Co-chairman was the Rev. E. T. Wikle, who said "men with troubled hearts" were praying that the trouble would vanish.

"We are vitally concerned about your problem," Moulton said. "I want to definitely assure you we are keeping a close watch with deep interest and vital concern. We came down only for the purpose of offering our services, not to tell you what to do."

He added he could not say what the state government might do in the next few days. But shortly before the meeting began, Gov. Lausche announced in Columbus that two Ohio National Guardsmen, Col. Herbert Fagon of Delaware and Lt. Col. Robert Folk of Chillicothe, had been sent to Portsmouth to investigate the situation.

LAUSCHE SAID he had received no request to call out the National Guard. The governor conferred Tuesday with Mingle, Moulton, Adjutant Gen. Leo M. Kreber, who is Ohio National Guard commander, and Ray M. White, Lausche's secretary.

The governor said Moulton and Mingle would urge strikers to return to their jobs for 30 days to permit negotiations and tempers to cool.

An earlier effort by Lausche to end the strike collapsed Monday night when a crowd of about 500 persons showered the New Boston exchange with beer bottles, bricks, rocks and other missiles.

Nixon Enters Discussion of Civil Rights

ROCHESTER, N. Y. — Vice President Nixon, who has been crossing swords with Democrats on economics and defense, moves into a new field of controversy today—civil rights.

The vice president scheduled a speech on the civil rights issue, one he has already mentioned as a field in which the Republicans, as he put it, are better organized to be effective than the Democrats.

Nixon drew applause and cheers at a Republican rally in Buffalo Tuesday night when he said the American people would be taking a "fearful risk" in electing Democratic nominee Adlai Stevenson President in view of his stand on H-bomb tests.

ST. LOUIS — Sen. Estes Kefauver, moving into the Midwest for two days of campaigning across Missouri and Kansas, renewed today his charge the Eisenhower administration failed to live up to its promises.

The Democratic vice-presidential candidate arrived by chartered plane from New York City, where he belabored the Eisenhower administration in a nationwide broadcast Tuesday night.

"Under the Eisenhower - Nixon administration," he said, "more heads of government agencies have been involved in corruption than under any administration since the Republican administration of Gen. Grant."

FIVE DAY WEATHER FORECAST
Temperatures will average 3 to 5 degrees above normal; normal high 62-66; normal low 43. Rather warm through Friday, turning cooler Saturday and warmer again Sunday and Monday. Precipitation will average about two tenths inch north to one tenth inch south in scattered showers on weekend.

Clerk-Training Plan Established in City

The Washington C. H. Retail Merchants Assn. gave the go-ahead on a training program for extra Christmas employees at a meeting in the Chamber of Commerce of Tuesday morning.

The program was offered to the merchants by the Distributive Education Division of the Ohio Department of Education. Robert Smith, representing the division, explained details of the program.

No date has been set for the three class sessions.

The State Employment Office here will contact merchants to find out how many extra Christmas employees will be added to payrolls in the city.

THE Distributive Education Division will provide instructors for the three sessions to be held. The classes will cover stockmanship, store arithmetic, stockkeeping, store rules and regulations, cash register operation and change-making.

Superintendent of Schools W. A. Smith has agreed to make classroom space available for the training program.

Each person successfully completing the six-hour session course will receive a certificate. This certificate will be presented to the Ohio State Employment office when the graduate applies for work.

Then the employment office will send the applicant to the store where he is needed, and the merchant will decide whether or not to hire him and what wages will be paid.

Seniors in all city and county high schools will be informed of the program.

Chamber of Commerce Manager William Stoughton has been the coordinator for the program.

Youths Questioned In School Blast

GREENUP, Ky. — Sheriff Delbert McKenzie believes an explosion, which left the interior of a one-room rural school a smoking shambles just minutes after 42 children had been sent home was the work of youths.

The children had been dismissed Tuesday morning after their 24-year-old teacher found the lock on the school door jammed.

Miss Juanita Gullett was en route to report the incident to Greenup County School Supt. Roscoe Stevens when the blast tore a large hole in the 40-year-old school. The sheriff reported three boys, 12 to 14 years old, were being questioned.

Personal Tax Deadline Is Saturday-Fabb

Saturday is the deadline for paying personal and classified taxes in Fayette County. Treasurer Charles A. Fabb said Wednesday morning that plans called for closing the books for this, the second and final collection period of this year.

Payments to date had not yet been totaled, but the treasurer estimated there are between 275 and 280 bills unpaid.

Rotary Told of City School Needs

"Let's Face the Facts", Elmer Reed, member of the Washington C. H. Board of Education, told Rotarians and guests Tuesday at the Country Club, as he made a graphic appeal for support of the city's proposed school bond issue of 2.18 mills for new buildings and additions for elementary classrooms.

Reed also explained what he declared is a definite need for passage of the new and separate 2.5 mills operating levy to provide sufficient additional funds covering salary increases for teachers and other employees, hiring of more needed teachers, operation and maintenance of buildings, purchase of books and supplies, equipment replacement and fixed charges such as retirement fees, insurance and other such costs.

He declared however that the Washington Board of Education has this week passed a resolution to use only such part of the proposed bond issue when passed, as is needed immediately for present emergency class room space, the balance to be held for a reasonable length of time to be used if a countywide citizens committee is appointed to consider and plan a countywide educational and building program for all of the school children of city and county with every school child in the county sharing in equal advantages.

The speaker was presented by W. A. Smith, superintendent of the city schools. Reed used charts to illustrate the points made in his talk; before he concluded his remarks he asked for questions which he answered when some queries were made.

AMONG the pertinent points to which he alluded during his brief address, were: No new school buildings have been built here since 1940; the elementary enrollment in 1940 was 925 in the first six grades; today the elementary enrollment is 1,272. By 1960 there will be 1,426 in the first six grades.

REED SAID that 237 children are today being housed in the eight emergency classrooms which include two rooms in the Methodist Church, three in the high school basement, two in Sunnyside's auditorium, and one in the Rose Avenue School basement.

Regardless of the outcome of the county school bond issue, the elementary classrooms to be provided in this proposed program are needed to take care of the increased enrollment now in school and that which is coming. Our present high school enrollment is 850; by 1960 we expect 1,085, which is more than we had with the tuition pupils. The emergency classrooms in the high school basement, now being used by the elementary grades, will have to be used for the high school pupils.

THE SPEAKER asserted that the average home in the city, accord-

ing to the county auditor was on the tax duplicate for approximately one-third of its value which was around \$3,500 in general average and that on this basis the bond issue would cost \$7.63 in additional tax per year, the bond issue to run for 23 years.

Touching on the additional operating levy also sought, Reed explained that this levy has nothing to do with the building program which will be financed by the bond issue.

The average salary received by Washington C. H. teachers in 1955-56 was \$3,992. The average for cities in Ohio was \$4,673; and for all districts in Ohio, regardless of their type, was \$4,217.

The per pupil cost for operating Washington schools is \$214.93. The average per pupil cost for Ohio cities of Washington's size is \$249.02. Of the 135 city districts in Ohio, the school tax rate of this city is lower in only 12 other cities. This city ranks 123rd—in the state.

REED CLOSED his talk with the statement "the future of Washing-

ton C. H. lies in the hands of our children."

President Lisk thanked the speaker for his appearance before the club and stated that if there were opposition views, any speaker who desired to present them would be welcome to state his views before the club at one of the next two meetings.

TWO NEW members were presented by their sponsors to the club, Rev. W. Neil Hand, pastor of the First Presbyterian Church sponsored by Carroll Halliday and William Stoughton, manager of the Washington Chamber of Commerce by Joe Peters.

President Lisk welcomed each man and presented him with a Rotary pin, plaque and literature.

Rotarian guests for this meeting were Dr. G. E. Upp of Greenfield, Ed Milson of Lancaster, Paul Arthur of Mt. Sterling and Dr. C. F. Felson of Greenfield. Other guests were Wayne Whitted, city and Phil Wolford of Venezuela, with Andy Hutton; Dr. Robert Anderson, city, with Dr. Robert Woodmansee.

Convicted Slayer Confident He Will Escape Execution

COLUMBUS, Ohio (AP)—Samuel W. Tannyhill, 27, awaiting execution in Ohio Penitentiary for the slaying of a Fremont waitress, says he has not given up hope that his life will be spared.

Tannyhill is scheduled to become the 300th person to die in the penitentiary's electric chair Oct. 25.

He told newsmen who interviewed him today:

"Since the first day I came here I've never had any hope from the courts. But I do have hope and it grows as the (execution) day gets closer."

He said he does not know where help will come from, but he believes that God will help him somehow.

Tannyhill, admittedly just a "drifter" until he took up residence in death row a year ago, was convicted of slaying Shirley Bradford, 29, May 2, 1955.

He told newsmen he never was

in a church before that fateful day in May when he robbed the Hut Restaurant in Fremont and then kidnaped and killed the waitress. But since coming to Ohio Penitentiary, he has spent more than 1800 hours studying the Bible.

He declined to discuss details of the slaying. He said he told his story in court and it wasn't believed and telling it now would be "like trying to stop the water after it went over the dam."

Since his stay in death row, Tannyhill has been visited by his mother and step-father, by two of his three sisters and by a number of ministers. He expects to see his mother and his two sisters again before he walks the last mile if he is not saved from the death penalty.

He said he has received more than 1,000 letters since he was sentenced to die, some from as far away as Japan.

Four Area Men Recruited for Select Navy Unit

The "Heart of Ohio" company, now being recruited by the Navy from highly qualified young men in Ohio, will be sent to the Bainbridge Naval Training Center in Maryland on Oct. 25.

The 96-man company is being chosen from the cream of Navy recruits during the month of Octo-

ber, reports Chief Philip G. Lee, in charge of the Navy Recruiting Station here.

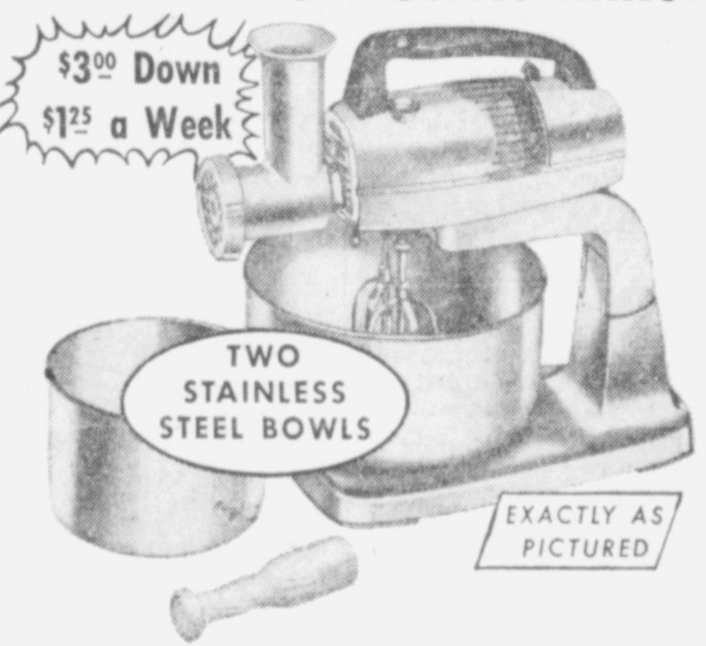

Information on the forming of the new company can be obtained at the American Legion hall.

Four young men already have been recruited and accepted to the company's ranks from this area, Lee says.

The rock strata and lonely monoliths in the Four Corners country where Utah, Colorado, Arizona and New Mexico meet make it a natural geological museum.

P

Birthrate Fast Exceeding Death Rate In Ohio

It has become noticeable here in Fayette County as well as in the overall figures for the state of Ohio that the increase in birthrate over deaths far exceeds the ratio of some years ago.

Vital statistics reports from the Fayette County Department of Health, published by the Record-Herald, verify this in an average rural county of comparatively small population such as ours.

In this state it is officially reported that births are exceeding deaths by a 2.6 to 1 ratio. Ohio's population has increased to over 9,000,000 according to a report just issued by the state health department's Division of Vital Statistics.

This year the division's records showed that births have outnumbered deaths by 759,727 since 1950. This gives Ohio a natural increase in population equal to 9.6 per cent of the 1950 census figure.

In addition to gaining population by means of a high birth rate and a low

death rate, Ohio also found itself in the position of maintaining its attraction for people of other states as seen in the net influx of nearly 300,000 people from outside the state. Rapid growth of industry in our state is cited as one cause of this.

While the completed report shows population increases in most of Ohio's 88 counties and 142 cities, this increase did not result in a more equal distribution of the population throughout the state. In general, the already populous areas gained the most; the less densely populated areas gained little.

Dr. Ralph E. Dwork, Ohio Health Director, ascribed much of the natural population increase to "medical advances in the areas of public health, private medicine, and research." He said the state population is now generally older, and "prevention of heart disease, cancer, and the chronic diseases will require added emphasis."

Girl In Unfeminine World

By Hal Boyle

GREENWICH, Conn. (U. P.)—There is a young gal engineer here who holds down a top job in building America's guided missiles, but she can't fix her own motor car.

"I can change a tire," said Ruth Harlam, smiling. "But if anything goes wrong with the motor, I take it to the garage, just like everybody else."

The current national shortage of trained engineers has broken down much of the old antipathy against career women in this field. At 32 Miss Harlam, dark-haired and quietly attractive, is a rising slide rule princess of the atomic era.

She is a project supervisor in developing launching mechanisms for two key weapons in the Nation's defense arsenal — the "Talos" and "Bomarc" guided missiles. She directs a staff of 23 male draftsman and engineers in the lab of the American Machine & Foundry Co.

It sounds like an unfeminine job, but Miss Harlam was advanced to it because of the outstanding work she did on the out-of-the-ordinary projects as a new howitzer, an anti-aircraft gun and a tank.

But the gal is thoroughly fem-

inine. She wears dresses in the laboratory, donning slacks only when her job sometimes makes them more practical. She likes to knit and would rather cook than eat out, eventually hopes to marry and have a family.

"I got into this by accident," she recalled. "I started doing some tracing work for my brother who was studying drafting. But he wound up in sales work, and I ended up an engineer."

Miss Harlam began when asked if her knowledge of thermodynamics might operate as a barrier to romance by making her too critical of men, who are usually more thermal than dynamic.

"No, I don't think so," she said. "Men are human, after all, and not an engineering problem. There is no predictable scientific law on how two people fall in love."

She has found neither her sex nor her youth much of a handicap in supervising men engineers senior to her.

"They don't resent me," she said. "In engineering work, what determines how a thing gets done is whether it is right or wrong. Whether a girl says it or a

man makes no difference.

"Girls with the right training and the right attitude toward their work can do as well as men. There is a certain amount of prejudice against them still, but most of it can be overcome by showing you can do the work."

It bothers her occasionally that so far most of her career has been spent in developing military weapons.

"But out of all these projects come peaceful uses," she said. "I hope to see the day when it will be possible for nations to devote at least half the money and effort now going into defense weapons to more peaceful goals."

"My own dream is to find a way to make solar energy available cheaply for the home."

Miss Harlam is interested in teaching. She feels that today all engineering and science graduates are duty-bound to do at least some parttime teaching.

"But it has a special responsibility," she said soberly. "In working with machinery if something goes wrong, we can throw it away and start over. But if you make a mistake in teaching, you can't throw the child away."

The High Cost of Living

By George Sokolsky

James Finnegan, Adlai Stevenson's campaign manager, in reply to some questions from May Craig on "Meet the Press," emphasized that the high cost of living is bound to influence the female vote which in 1956 will be larger than the male vote.

He believes that when the realistic womenfolk look at their grocery bills, they will vote for Adlai Stevenson. As the cost of living is high, the question arises, could or would or might Stevenson bring that cost of living down?

The question then must be asked: What are the ingredients of the high prices which we have to pay for what we buy?

The first ingredient in the United States is high taxes; the second, high wages; the third, costly government subsidies to industry, labor and agriculture; the fourth, pensions and other benefits to veterans; and finally, the enormous cost of interest charges on the government debt.

Also to be included in the depreciation of currency which is due to all these causes which are the inevitable results of war and post-war economic activities of government.

Now, the question to be answered is whether either candidate, Eisenhower or Stevenson, is prepared to advocate lower wages and fewer fringe benefits with the object of bringing prices down? So far the silence is startling.

In fact, thus far, the only answer to high wages has been automation where it is possible, but in the automobile industry, Walter Reuther is already meeting automation by something he calls the guaranteed annual wage which is an extension of unemployment insurance. In a word, the cost of production not only stays up but goes up — as must prices.

Edgar Quenny, chairman of the Monsanto Chemical Co., in a speech, made this point:

Monsanto's hourly rates in its United States plants are more than four times the rates it pays in its British plants, and five times those paid by its German competitors; and, in many cases, the productivity of British and German labor is as great as American. In some instances, German productivity is even higher than ours, particularly in the construction industry. German bricklayers lay 1,200 bricks a

day; in St. Louis, the fixed maximum output is 500.

"American factories cost more to build than European. An American chemical plant costs twice as much as its German counterpart; our laboratories, at least three times as much. With the exception of Britain, if one includes their dividend tax, American corporate income taxes are higher than those of any other industrial nation. Hence, to yield the same rate of return on capital, net profit in the United States must be more than twice as much as, for instance, in Germany."

Fundamentally this is not only a problem of price but also involves the flow of capital. Capital in the United States has become tight, despite high prices, because the net return is smaller than that capital is invested abroad through a Liechtenstein or a Swiss company — there are many other possibilities.

As it is now the policy of our government to give "a fair share" of the American market to other countries, it is wise for American companies to manufacture abroad, using European or Asiatic labor and to export such commodities to the United States to be sold in competition

Round about Fayette County

By B. E. KELLEY
Today is the 62nd anniversary of the riot in Washington, C. H. in which five people were killed and a score wounded — on Oct. 17, 1894.

The riot occurred at the Courthouse late in the afternoon, and most of those killed and wounded, were on the street and not with a small crowd of rioters around the south door of the Courthouse.

Two or three companies of Ohio National Guard, under Col. Coit were in the Courthouse or near it at the time, and Col. Coit, alleged to have been drinking, gave the order to fire and 13 bullets from the old Springfield rifles crashed through the south doors of the Courthouse and went on their mission of death.

Coit claimed the crowd had obtained a battering ram and was battering the doors in, according to reports of the riot, but there are no batter marks on the doors.

The riot occurred while Jasper Dolby, was in the Courthouse after having been indicted and, upon his plea of guilty to raping a woman near Parrott's Station, sentenced by Judge H. B. Maynard to 20 years in the penitentiary. He served several years and was released.

Years later he was pointed out to me on the street, walking along in front of the Courthouse.

Several companies of National Guard, in addition to the local Company E, had been called in to protect the prisoner, who was moved from the county jail to the Courthouse between lines of soldiers with fixed bayonets, and it was necessary for the soldier to use both bayonets and butts of their guns at the north entrance of the courthouse to ward off the attackers, several of whom were injured.

Belief was expressed that a few soldiers would have handled the situation without further trouble, although the crowd was unruly and creating much confusion prior to the shooting, report state.

The day following the riot, the Courthouse lawn was alive with soldiers, and a galling gun had been set up on the lawn near the south walk. There was no further disturbance.

BEAUTY RIGHT HERE
Don't think for a minute that you must drive into the hills for beautiful colors at the present time, for there is an abundance of wonderful color right here in Washington, C. H. and Fayette County.

In my trips about the county I have been amazed at the gorgeous coloring in some of the trees.

Take a drive about the city and you will also be thrilled with the beauty of the foliage.

If you want to see colors which remind you of trees in oil paintings, or pastel pictures, stop near the railroad crossings on Oakland Ave., south of Cherry Hill School, and note the rich colors in the oak trees back of the school building. It is well worth seeing.

LEAF REMOVAL SOON
Clyde Smith, street superintendent, said Tuesday that the street department will not remove leaves from gutters until next week, due to the rush of work in connection with the present street paving program.

Starting next Monday leaves will be removed from gutters as rapidly as possible, and until that time they should not be raked into gutters to clog catch basins in event of rain, he points out.

THE MODERN WAY
I found Roy Wipert busy picking and cribbing his corn on the Wipert farm, located on U. S. 22, a mile west of Rattlesnake Creek. Mrs. Wipert and their little daughter, 30 month-old Becky, were also present, and even Becky tossed ears of corn into the chute to be carried 20 feet high for storage in the granary.

The Wiperts are famous for their songfests, and Mrs. Wipert for her large number of speaking engagements on a wide range of subjects as well as being well known as a

Farmers Institute speaker of years standing.

Roy had just pulled two truck-loads of corn up to the granary, using a farm tractor for motive power.

One truck was backed up to the power elevator, or loading equipment which carried the corn into storage.

As the corn rolled from the rear of the truck into the elevator a false endgate kept moving backward, pushing the corn before it until the last corn was removed, and carried up into the granary on the second floor of the barn.

I recalled the days when, as a young man on a farm in Paint Township, I used a large scoop shovel to scoop the corn from the wagoned into rail pens used for storage.

In those days when fence rails were abundant, most of the corn was placed in square pens built of fence rails set close together.

What a backache those days

were when mechanical help on the farm was still in its infancy!

Something went awry with the elevator which Roy was using in moving the corn from the truck to the storage place, and Roy soon had the trouble eliminated and the machinery in operation once more.

Nowadays a good farmer must be a mechanic as well as know the whys and wherefores of raising grain and livestock.

Good Deed Undone
LEXINGTON, Ky. (U.P.)—Billy Fuller wanted to surprise his wife with a ready-to-eat breakfast when she got home from her night job at a local hospital.

But he didn't quite make it.

Fuller appeared at the hospital for emergency treatment just before his wife was scheduled to leave. He suffered burns when grease popped up from sizzling bacon.

NIGHT HOLSTEIN AUCTION
206th SALE

At our farm on U. S. 42, halfway between Delaware and Plain City, Ohio, 4 miles north of New California.

THURSDAY, OCTOBER 25
7:30 P. M. Lunch Available

100 Head of Fresh Cows and Heifers 100
BOTH CANADIAN AND AMERICAN. REGISTERED AND GRADES

A large percentage of this offering is from proven sires. This herd of cows represents the production we have aimed for, for years and years. Lots of cows milking 60 to 80 lbs., and lots of heifers milking up to 50 lbs. Mr. Dairyman, stop and figure what this production means today. Get that milk when it's worth something.

The Canadian cows in this offering are sired by the Ontario Units, and the Ohio cattle are mostly all from the Northern Ohio and Central Ohio Units. The Ohio cattle are from some of the entire herds we purchased during the past summer months, and are calving this latter half of October.

FREE DELIVERY
All cattle delivered free within a radius of 150 miles, excepting baby calves, unless purchased with adult cattle.

Calves sold separately and guaranteed one week. Four generation pedigrees and registration certificates furnished. State Laboratory tested and guaranteed 10 day negative retest, 95% calfhood vaccinated.

Guaranteed to be as represented.

U. S. Supreme Court Alters Stand on Union Harrassment

WASHINGTON (U.P.)—The Supreme Court has reversed itself and decided not to review a decision upholding the right of a union to engage in "harrassment tactics" during contract talks.

The effect of the reversal is to let the decision stand as a guidepost pending any new test of the issue, although the National Labor Relations Board indicated it still disagrees with the ruling.

The decision was given by the U.S. Court of Appeals here and was appealed by the NLRB. The Supreme Court last April 2 announced it would hear arguments on the case this fall.

Today, however, the court vacated the April 2 announcement and the NLRB's request for a review was denied. The denial followed the filing of a memorandum by the board in which it said new facts in the case raised a possible question of mootness—that is whether a live issue still exists.

The appeals court decision overturned a board ruling that the CIO Textile Workers Union had not bargained in good faith with the Personal Products Co., which has a plant in Chicago. The board had found that the union's tactics included an organized refusal to work overtime, unauthorized extension of rest periods from 10 to 15 minutes, direction of employees to refuse to work special hours, slowdowns, unannounced walkouts and inducing employees of a subcontractor not to work.

The Court of Appeals decided such tactics did not violate the National Labor Relations Act requirement that a union must bargain in good faith. The NLRB's

appeal to the Supreme Court said this decision threatened to impair the process of collective bargaining that Congress intended to encourage and protect.

Wiener Roast Precedes Meeting Church Group

A wiener roast at Washington City Park preceded the meeting of the High School Class of the South Side Church of Christ Tuesday evening with Mr. and Mrs. Frank Creamer advisors of the group included as guests.

The meeting was presided over by the vice president, Peggy Beedy in the absence of the president, Wanda Huff.

It was decided by the group to hold regular meetings the third Tuesday of each month at a special place with some form of entertainment provided as an added interest to each meeting.

The members planned to attend a youth meeting at the Taft Auditorium in Cincinnati, October 23, with fifteen members of the class planning to attend this special event.

A Halloween masquerade party was also planned for Oct. 25 and the committees named were: invitation, Carolyn Anthony, Jeannie Brill, and Mary Ellen Brooks; refreshments, Janet Willis, Mildred Ross and Jean Steel; decorating, Shelby Tubbs, Zola Jane Hooks, Ronny McCray and Gary Corset; entertainment Joe and Don Coulter, Richard Anthony and Peggy Beedy.

The meeting was closed with a song service and prayer.

Coeds, Beware!

ALBUQUERQUE (AP)—Coeds who live at the University of New Mexico's new Hokena Hall won't be able to sneak out at night without tripping a burglar alarm.

The building is equipped with photo-electric cells at archways leading into two enclosed patios. The cells will set off alarms if someone passes after the 10 p. m. curfew.

Personals

Mrs. L. L. Brock, Mrs. Willard W. Willis, Mrs. Suzanne Sams and Mrs. J. Earl Gidding have returned from a week's stay in New York City enjoying theater attractions and interesting points in the city.

Mr. and Mrs. Frank K. Peak had as Monday guests, Mr. Peak's son, Mr. William A. Peak and Mrs. Peak, who were enroute from Galesburg, Illinois, to their future home in Pompano, Florida.

Mrs. John Weade, Mr. and Mrs. Frank Weade, Mr. and Mrs. Earl Johnson and Mr. Loren B. Johnson, motored to Chillicothe Tuesday morning to attend the funeral service for Mrs. O. P. Tatman.

Mr. Maynard Craig of Gloucester, Massachusetts, arrived Wednesday for a visit with relatives and friends.

Ladies Aid Holds Meeting At Thomas Home

Members of the Ladies Aid of First Christian Church assembled at the home of Mrs. J. D. Thomas for the regular October meeting.

Mrs. Ted Merritt, president, conducted the business session which opened with devotions led by Mrs. Sherman Belles, who used as her topic for discussion "All Things Work Together For Good For Those Who Love God," and closed with prayer.

Twenty members responded to roll call and the reports of all standing committees were given.

It was decided to continue the collection of sales tax stamps during the month of November as a means of replenishing the treasury and the missionary project adopted for the month is a contribution to the Jeffersonville Church of Christ.

The meeting was adjourned and Mrs. Thomas was assisted by Mrs. Jessie Bush, Mrs. Sherman Belles, Mrs. Hazel Wright, Miss Georgiabel Wright and Mrs. Ted Merritt in the serving of refreshments.

Political Advice Given by Nixon

YOUNGSTOWN (AP)—Vice President Nixon gave this advice today to college students interested in politics: Study the classics; go to work in the precincts.

Nixon said at Youngstown University, courses in political science and public speaking are fine if you have time for them. But, classical literature, history and economics give background that will stand a public official in good stead long after the particular subjects are forgotten.

Xavier Celebrates

CINCINNATI (AP)—Xavier University, fifth oldest Roman Catholic institution of higher learning in America, celebrates its 125th anniversary today.

Engagement Is Announced; December Wedding Planned

MISS CORALENA SMITH

Mr. and Mrs. Roy Smith of the Columbus Road are announcing the engagement and approaching marriage of their daughter, Coralena, to Mr. Kemp K. Allemang, son of Mr. and Mrs. Everett Allemang, of the Palmer Road.

Miss Smith, attended Otterbein and Wilmington Colleges and is presently employed in the office of the Armo Drainage and Metal Products, Incorporated.

Mr. Allemang, is a senior at Wilmington College and a part-time employee of the Kirk Furniture Store. Plans are being made for the wedding, which will be an event of Sunday, December 16.

Recent Bride Is Complimented At Shower

Mrs. Frank Patton, nee Betty Howard, a recent bride, was honored at a miscellaneous shower given by Miss Sue McNutt and Miss Coralena Smith, at the home of Miss McNutt.

A green and white simulated rain barrel with streamers attached to the gifts was the center of attraction and the table at which the gifts were opened had as its centerpiece a bride and groom.

Miss Smith conducted a round of games for the pleasure of the guests and awards for the first going to Mrs. Max Schlichter, was presented to the honor guest who was the winner of the second contest.

The beautiful array of shower gifts

Willing to Help Class of McNear Memorial Presbyterian Church meets with Mrs. Clifford Foster, for sack lunch, 6:30 p. m.

Wayne Home Demonstration Club meets at Wayne Hall. All day meeting covered dish luncheon with Mrs. Norma Cunningham, Home Demonstration Agent, as a guest, 10:30 a. m.

Coeds, Beware!

ALBUQUERQUE — Coeds who live at the University of New Mexico's new Hokona Hall won't be able to sneak out at night without tripping a burglar alarm.

The building is equipped with photo-electric cells at archways leading into two enclosed patios. The cells will set off alarms if someone passes after the 10 p. m. curfew.

Personals

Mrs. L. L. Brock, Mrs. Willard W. Willis, Mrs. Suzanne Sams and Mrs. J. Earl Gidding have returned from a week's stay in New York City enjoying theater attractions and interesting points in the city.

Mr. and Mrs. Frank K. Peak had as Monday guests, Mr. Peak's son, Mr. William A. Peak and Mrs. Peak, who were enroute from Galesburg, Illinois, to their future home in Pompano, Florida.

Mrs. John Weade, Mr. and Mrs. Frank Weade, Mr. and Mrs. Earl Johnson and Mr. Loren B. Johnson, motored to Chillicothe Tuesday morning to attend the funeral service for Mrs. O. P. Tatman.

Mr. Maynard Craig of Gloucester, Massachusetts, arrived Wednesday for a visit with relatives and friends.

Ladies Aid Holds Meeting At Thomas Home

Members of the Ladies Aid of First Christian Church assembled at the home of Mrs. J. D. Thomas for the regular October meeting.

Mrs. Ted Merritt, president, conducted the business session which opened with devotions led by Mrs. Sherman Belles, who used as her topic for discussion "All Things Work Together For Good For Those Who Love God," and closed with prayer.

Twenty members responded to roll call and the reports of all standing committees were given.

It was decided to continue the collection of sales tax stamps during the month of November as a means of replenishing the treasury and the missionary project adopted for the month is a contribution to the Jeffersonville Church of Christ.

The meeting was adjourned and Mrs. Thomas was assisted by Mrs. Jessie Bush, Mrs. Sherman Belles, Mrs. Hazel Wright, Miss Georgiabel Wright and Mrs. Ted Merritt in the serving of refreshments.

Political Advice Given by Nixon

YOUNGSTOWN — Vice President Nixon gave this advice today to college students interested in politics: Study the classics; go to work in the precincts.

Nixon said at Youngstown University, courses in political science and public speaking are fine if you have time for them. But, classical literature, history and economics give background that will stand a public official in good stead long after the particular subjects are forgotten.

Xavier Celebrates

CINCINNATI — Xavier University, fifth oldest Roman Catholic institution of higher learning in America, celebrates its 125th anniversary today.

Engagement Is Announced; December Wedding Planned

MISS CORALENA SMITH

Mr. and Mrs. Roy Smith of the Columbus Road are announcing the engagement and approaching marriage of their daughter, Coralena, to Mr. Kemp K. Allemang, son of Mr. and Mrs. Everett Allemang, of the Palmer Road.

Miss Smith, attended Otterbein and Wilmington Colleges and is presently employed in the office of the Armco Drainage and Metal Products, Incorporated.

Mr. Allemang, is a senior at Wilmington College and a part-time employee of the Kirk Furniture Store. Plans are being made for the wedding, which will be an event of Sunday, December 16.

Recent Bride Is Complimented At Shower

Mrs. Frank Patton, nee Betty Howard, a recent bride, was honored at a miscellaneous shower given by Miss Sue McNutt and Miss Coralena Smith, at the home of Miss McNutt.

A green and white simulated rain barrel with streamers attached to the gifts was the center of attraction and the table at which the gifts were opened had as its centerpiece a bride and groom.

Miss Smith conducted a round of games for the pleasure of the guests and awards for the first going to Mrs. Max Schlichter, was presented to the honor guest who was the winner of the second contest.

Mrs. Shaper Explains Blood Quota Increase

The 15 per cent increase, from 150 pints to 173 pints every other week, in the quota of blood donations in this area (including Fayette County) is for two purposes, Mrs. Charles Shaper, chairman of the Community Blood Bank, has informed the bank's coordinating committee:

(1) To provide an increase in the different types of blood and (2) to make blood derivatives for the federal stockpile for emergency needs.

Mrs. Shaper emphasized that "there will be no blood used for federal stockpiling if there is need for it at Fayette County Memorial Hospital." She also noted, significantly, that Memorial Hospital here has "actually used more blood than the original quota."

People are known, Mrs. Shaper said, by their blood type and, by increasing the quota there may be an increase in the different types of blood given.

There is hardly a time when there is no blood in stock for emergency uses, but there are times, she explained, the particular type of blood is not immediately available.

WHEN THERE is a predominant type of blood given through the community blood bank and there is no immediate need for this type, it was pointed out, this blood may be used for federal stockpiling for emergencies.

To the question: "Why has Memorial Hospital here drawn blood directly for patient use in the past two months?" Miss Christine Evans, hospital administrator, answered:

"The Fayette County Community Blood Bank is one in this 20-county area that participates in the collection and distribution of blood by the Red Cross. And, in this area, the number of donors and collections has been definitely low while the amount of blood used has increased. Since blood collections have been low and the use high, it has been necessary to provide blood by direct collections at the hospital here. This situation is general throughout the entire area."

A POSTER contest designed to stimulate interest in the Community Blood Bank here has been arranged. The deadline for entering is Jan. 1, and posters are to be left at Memorial Hospital on or before that time.

Three divisions have been set up: one for fourth, fifth and sixth grade pupils; another for seventh,

eighth and ninth graders and the third for high school sophomores, juniors and seniors.

A winner is to be selected from each division to participate in the district contest.

Judging is to be done by a committee of three on points of originality, composition and lasting artistry.

Mrs. Shaper said city and county school authorities have assured cooperation.

Mrs. Lorain Morter is the contest committee chairman.

Members of the co-ordinating committee at the meeting were Mrs. Morter, Mrs. Shaper, Mrs. Joseph Bonham, Mrs. Edith Ryan, Mrs. Lawrence Sharrett, Earl Rea, Mrs. Jesse Allen, Mrs. Jerry Dray, Mrs. Willard Sears and Mrs. Lawrence Grim. Joseph Peters, chairman of the Red Cross chapter here, and Miss Evans were special guests.

Collegians Taking Politics Seriously

LOS ANGELES — College boys are taking politics seriously. Police arrested Harold K. Kachigan, 18, for carrying a pistol at a Democratic rally on the University of Southern California campus. They said he had an unloaded .22-caliber revolver stuck in the waistband of his trousers. Police quoted Kachigan as saying students of Republican persuasion were picketing the rally and he thought sight of the pistol might keep things peaceful.

Burns Kill Tot, 3

CINCINNATI — Three-year-old Kathy Wessel died Tuesday in a local hospital of burns suffered when her dress became ignited by matches a playmate was lighting.

Louisiana's state capitol at Baton Rouge has 48 steps, each inscribed with one of the names of the 48 states of the union.

Bloomington Youth Spends Year at Sea

WILLIAM D. HOWARD

Cadet - Midshipman William D. Howard, son of Mr. and Mrs. Imel Howard of Route 1, Bloomington, recently returned to the United States Merchant Marine Academy, Kings Point, N. Y., after spending a year of sea duty aboard various American Merchant Marine vessels.

His year at sea was a regular part of the curriculum at the Merchant Marine Academy. It gives the Cadet - midshipman an opportunity to learn at first hand about the ships upon which he will later serve as an officer. His remaining two years of the four year course will be in pursuit of a rigorous academic schedule and the military training necessary for a successful career at sea.

During his training period at sea, Cadet - Midshipman Howard visited ports in Portugal, Spain, Morocco, Italy, France, Germany, England, Denmark, Panama, Japan, Malaya, India, Egypt and Ceylon.

Upon graduation in 1958 he will

Village Ringing Old Curfew Bell

LORAIN — The bell in the town hall tower tolled out a curfew for youth in nearby South Amherst Tuesday night for the first time since the village passed a curfew ordinance in 1918.

A rash of vandalism, getting worse as Halloween approaches, was responsible.

The bell tolls at 8 p. m., and youths under 18 are supposed to get off the streets within the next half hour.

Thomas Snizek, the village police chief, said those who don't will be taken to the town hall and "dealt with accordingly."

receive a license as third officer, a Bachelor of Science degree, and commission as ensign in the United States Naval Reserve.

Ohio Candidates Heading For Homestretch Drive

(By The Associated Press.)
Ohio gubernatorial and senatorial candidates are heading for homestretch campaign speeches between now and the time voters go to the polls Nov. 6.

Both gubernatorial candidates slated speeches today—Democrat Mike DiSalle at a Dayton Junior Chamber of Commerce luncheon and Republican C. William O'Neill in Akron.

DiSalle was to go on from Dayton to the Circleville Pumpkin Festival and then to Cleveland for evening meetings.

Gov. Frank J. Lausche managed to squeeze in a few talks in his campaign for U. S. senator before hurrying back to Columbus to try to unravel the southern Ohio telephone strike.

He spoke at Lima and Kenton Tuesday and told his audiences that his bid for the senate would cost less than any senatorial campaign in the country this year.

Lausche said the campaign of his Republican opponent, Sen. George H. Bender, would cost "more than \$500,000."

"Ohio citizens should know my campaign committee set a budget of \$20,000," the governor declared.

Bender, meanwhile, continued his attack on what he called Lausche's "silence" on many issues. He accused the governor of never having "led a fight for a single cause," and said "whenever he has acted, it has only been in response to the constant prodding of interested groups."

In a prepared statement, Bender asked that the governor state his position on aid to small business.

In a Lima radio broadcast, Lausche said the idea of admitting Red China to the United Nations is "plain nonsense."

"It would be impossible to sit down at a United Nations table with a country that has a dagger at your back ready to strike," the governor said.

"We should not be eager to accept Red friendship while the communists are doing everything in their power to destroy the United States and its relations with other nations."

He contended that the increasing national debt was the "number one issue facing the nation today" and said the government "must either reduce the national debt or decrease taxes."

Of the federal soil bank program, he said: "If a farmer has two or three hundred acres, he can 'ford' to let some of the land lay idle in the soil bank. But the small farmer with 100 acres or so needs his production to provide the basic needs for his family."

In Cleveland Tuesday night, O'Neill pledged a careful study,

with the Legislature, of present state laws relating to sex offenders.

"If they (the laws) are inadequate," O'Neill told a Cleveland IFA audience, "we will take immediate action to correct them."

The GOP candidate said the problem is one which people often hesitate to discuss.

"However," he said, "It's tragic, often hideous effects makes it imperative that we bring it out of the closet into the open—and do something about it."

DiSalle called for new approaches to the problem of mental health at a meeting of party members in Cleveland.

"Our mental hospitals are seriously overcrowded and understaffed," DiSalle said. "They can't do a proper job of helping those patients who could be cured with some individual attention."

He said every third family will send one of its members to a mental hospital.

"If an Ohioan needs an appendectomy, the chances are good that he will get it promptly," DiSalle said. "But if an Ohioan needs to be hospitalized for mental illness, the chances are that he can't get admission when he needs it."

DiSalle said that he would get it promptly, "DiSalle said. 'But if an Ohioan needs to be hospitalized for mental illness, the chances are that he can't get admission when he needs it.'"

DiSalle said that he would get it promptly, "DiSalle said. 'But if an Ohioan needs to be hospitalized for mental illness, the chances are that he can't get admission when he needs it.'"

DiSalle said that he would get it promptly, "DiSalle said. 'But if an Ohioan needs to be hospitalized for mental illness, the chances are that he can't get admission when he needs it.'"

DiSalle said that he would get it promptly, "DiSalle said. 'But if an Ohioan needs to be hospitalized for mental illness, the chances are that he can't get admission when he needs it.'"

DiSalle said that he would get it promptly, "DiSalle said. 'But if an Ohioan needs to be hospitalized for mental illness, the chances are that he can't get admission when he needs it.'"

DiSalle said that he would get it promptly, "DiSalle said. 'But if an Ohioan needs to be hospitalized for mental illness, the chances are that he can't get admission when he needs it.'"

DiSalle said that he would get it promptly, "DiSalle said. 'But if an Ohioan needs to be hospitalized for mental illness, the chances are that he can't get admission when he needs it.'"

Statue Planned To Honor Famous Hound 'Old Drum'

WARRENSBURG, Mo. (AP)—This town plans a statue to "Old Drum," the hound who inspired a famous speech in 1870 by Sen. George Graham Vest of Missouri.

The Chamber of Commerce has started a campaign to raise \$2,500 for it.

Vest's famous tribute to dogs was delivered in a damage suit in which he represented a man whose dog had been shot by a neighbor in Warrensburg.

The jury deliberated two minutes and awarded Vest's client \$500.

A bronze plaque will carry Vest's declaration that:

AP Guesspert Tries again To Pick Winners

College Grid Teams In Deep South Bring Trouble to 'Swami'

By HAROLD CLAASSEN AP Sports Authority

NEW YORK (AP) — Our football selections involving Southern college football teams were wrong last week. In all, there were 30 correct guesses and 13 wrong ones for an average of .698. That makes the season's total 134 right and 39 wrong for .787.

Here are this week's winners — after a menu well spiced with hominy grits and corn pone:

Oklahoma over Kansas: The Sooners' No. 1 position is being threatened. That will be Kansas' woe Saturday.

Michigan State over Notre Dame: Notre Dame's sophomores to get a liberal education watching Michigan State halfbacks Clarence Peaks and Walt Kowalczyk operate.

Georgia Tech over Auburn: The way Auburn handled Kentucky last week was a surprise. This time the Plainsmen will get the surprise.

Mississippi over Tulane: A neighborhood argument that likely will be decided by Paige Cochren's efforts in the Rebel backfield.

Michigan over Northwestern: It simply isn't in the cards for the Wildcats to claw their way to victory in this one.

Southern California over Washington: The Trojans have had a lot of trouble during the past year, including a 7-0 setback by Washington in 1955. USC gets revenge this time.

Ohio State over Penn State: Day by day, in every way, the Buckeyes get better and better.

Iowa over Hawaii: Victory No. 4 for the Iowans.

Syracuse over Army: The Cadets will be grateful that there are not 11 Jim Browns.

Skipping over the others in a hurry: FRIDAY NIGHT

George Washington over Virginia: Military, Denver over Colorado College.

SATURDAY

EAST: Villanova over Boston University, Harvard over Columbia, Dartmouth over Holy Cross, Navy over Cincinnati, Brown over Penn, Virginia over Lehigh, Colgate over Princeton, Boston College over Rutgers, Yale over Cornell.

MIDWEST: Dayton over North Carolina State, Tulsa over Detroit, Colorado over Iowa State, Missouri over Kansas State, College of Pacific over Marquette, Illinois over Minnesota, Nebraska over Indiana, Houston over Oklahoma A&M, Wichita over Drake, Wisconsin over Purdue.

SOUTH: Davidson over Stetson, Pittsburgh over Duke, Wake Forest over Florida State, Kentucky over LSU, Mississippi State over Arkansas State, Virginia Tech over Richmond, Vanderbilt over Florida, West Virginia over Alabama, Miami over Georgia, Maryland over North Carolina.

SOUTHWEST: Southern Methodist over Rice, Texas over Arkansas, Texas A&M, over Texas Christian.

FAR WEST: UCLA over California, Montana over Brigham Young, Arizona over New Mexico, Stanford over Oregon, Utah State over Colorado A&M, Oregon State over Washington State, Wyoming over Utah.

Lion Practice Session Stresses Fundamentals

The Washington Lions returned to the basic fundamentals they were working on in early August as a rugged defensive practice was held in Gardner Park Tuesday afternoon.

Drills on fundamental tackling were run through on the field with much thumping and groaning. The boys hit harder than they did in August.

Some shake-ups which Head Coach Fred Domenico tried out Tuesday may or may not help him in the Lions game with Wilmington's Hurricane Friday night at Wilmington.

Practically a brand new defensive line was drilled for the better part of the practice. When last week's regulars got back in, "some what provoked" by the shift, they fought hard for those first - string slots.

Domenico still is not satisfied with the defense. Dick Welch and

Sooner Pooh-Pooh Victory String

NORMAN, Okla. (AP) — "Strings don't mean a thing in team athletics," Coach Bud Wilkinson, the string maker, said today as he brushed aside all the remarkable football achievements of his No. 1 Sooners.

"Certainly we have a string of 33 victories, but remember that nine of those were made by the 1953 team and there's not one player who is on this year's squad," he said. "Only in individual sports does a string mean anything. In team sports, it takes everyone working together."

Logart Favored To Trip Ortega

BOSTON (AP) — Isaac Logart, third-ranked contender for the world's welterweight title, presses his campaign for a higher rating while meeting durable Gaspar Ortega here tonight in a 10-rounder.

Logart, a 23-year-old Cuban with speed and punching power, rules upwards of a 3-1 favorite over Ortega, whose chief claim is that he never has been knocked out in 41 pro bouts.

The bout, set for 9 p. m. EST, is scheduled for national television.

Lion Practice Session Stresses Fundamentals

The Washington Lions returned to the basic fundamentals they were working on in early August as a rugged defensive practice was held in Gardner Park Tuesday afternoon.

Drills on fundamental tackling were run through on the field with much thumping and groaning. The boys hit harder than they did in August.

Some shake-ups which Head Coach Fred Domenico tried out Tuesday may or may not help him in the Lions game with Wilmington's Hurricane Friday night at Wilmington.

Practically a brand new defensive line was drilled for the better part of the practice. When last week's regulars got back in, "some what provoked" by the shift, they fought hard for those first string slots.

Domenico still is not satisfied with the defense. Dick Welch and

Larry Slavens were tried out at the tackle and did well. When Ted Clarke and Jim Lucas got back in, with a head of steam that had been working up for close to an hour, they also showed up in fine form.

AT THE END positions Ronnie Carter and Ronnie Dowler also looked good. Domenico said Eldon Brown and Arnold Ward, last week's starters at end on defense and Dowler and Carter, all look about equally prime for the positions.

"Things will have jelled more after Wednesday's practice," said the coach. "One thing for sure, all four tackles will see action Friday."

The Wednesday rehearsal will include drills on both defense and offense.

Wilmington runs out of a straight T formation, nothing very fancy, but a T can be deceptive and hard hitting, as the Lions have proved themselves.

The Hurricane record stands at three wins, one loss and a tie. In the SCO League they have a 1-1-0 record, tying Circleville 6-6 four Fridays ago, and whipping Greenfield 33-20 last week.

Cleveland Youth Shot by Officer

CLEVELAND (P)—Patrolman Ernest Holbert Tuesday night fired a shot into a leg of a 17-year-old youth who he said jumped him as he was making a routine check.

Plane Crashes, Killing 2 Ohioans

CINCINNATI (P)—The crash of a private plane on a farm in near-by Newtown Tuesday killed the pilot and a passenger.

The victims were Stanley W. Chacksfield, 30, who was piloting the craft, and William R. Richey, 40, both of Newtown.

The plane struck an elm tree on the farm of Everett Havens.

Havens' daughter, Phyllis, 20, who was outside the house with her sister, said the aircraft circled three times before crashing.

She said, "The first two times it flew over, the men hollered and the last time, the plane was flying upside down."

Early Chest Returns List Total of \$4,424

Cash and pledges totaling \$4,424.85 in Fayette County's Community Chest appeal had been reported at the close of business Tuesday, Perse Harlow, executive secretary said.

Goal of this year's campaign, which for the first time embraces the Red Cross and Girl Scout organizations, is \$23,500—an increase of \$10,000 over last year.

First reports in the residential appeal, which got under way Monday, were made by Mrs. Walter Aills of the First Ward, and Mrs. Walter Donohoe, of the Second Ward.

Chest officials said first returns

Vandalism Gives Police Concern

Three More Reports
Received Wednesday

After three more reports of vandalism, chiefly glass breakage, were made to police Wednesday morning, Chief Vaiden Long said a closer watch is going to be kept.

He commented: "This may not appear serious, but we (the police) are not taking it lightly."

Although the chief is still unconvinced that the vandalism is related to an early start on Halloween, he said he thinks youngsters are to blame. He added that there apparently is no reason for it.

Patrolmen Virgil Harris investigated two of the reports, the first at 8:05 a. m. and the second at 8:50 a. m.

HE SAID he found that two small windows in Virgil Lowe's Welding Shop, 217 W. Paint St., had been broken some time during the night and that the radio antenna and both sides of the windshield on William Anderson's car had been broken and windshield wiper blade taken off.

Anderson's car, he said, was in a partially finished garage at the rear of his home, 314 N. Fayette St. A pick-up truck beside it had not been touched, he said.

Investigating a report at 12:05 a. m., Patrolmen Rodman Scott and John Dilly said that a front window was broken out of the Fayette County Buyers Co. building, 420 Oakland Ave. Nothing was found missing and nothing was disturbed inside, they reported. There was nothing to indicate what had been used to break the window.

Rural Problems Discussed by Farm Council

Concord Farm Bureau Council No. 1 held its regular meeting Tuesday evening at the home of Mr. and Mrs. Ralph Nisley, with the October discussion leaflet entitled "Let's Tell the Story of Farming to Our City Friends" as the basis of the discussion.

It was pointed out that there are 22.2 million people living on farms. Two million are farm families—about 8 million people are "full time" farmers and ranchers. It was stated that whether the farmer owns his whole business or rents, he hires labor, buys raw materials, produces and markets products and has heavy investments in inventory and planning. Full-time farmers represent 5.4 per cent of the population and earn about 4 per cent of the nation's income.

Farmers net income has been falling since 1947, with the exception of the Korean War year of 1951. While business activity moved upward and profits and payrolls continued to hit new peaks, total net farm income dropped.

The farmer's average net income from marketing in 1950 was about \$3,800. Last year it was about \$3,000. It is clear that there are some roadblocks that prevent the farmer from earning what he should, the group agreed. For instance in 1947, farmers' gross income was \$34 billion, expenses \$16.8 billion, leaving a net of \$17.2 billion. Last year the gross was about the same but expenses were \$3.6 billion more than in 1947, and the net was \$6.4 billion less than in 1947.

Those present discussed ways to reduce all costs to farmers, including such off-the-farm costs as taxes, costs of marketing and distribution, and costs of goods farmers buy.

Farm - City Week was announced for Nov. 16-22.

Refreshments were served by the host and hostess.

Restaurant Prices Expected to Go Up

COLUMBUS (AP)—Restaurant prices are going up, according to a speaker at the Ohio State Restaurant Assn. meeting here.

Travis Elliott, Texas management consultant, said Tuesday that higher wages and shorter hours for workers, food price increases and public demand for faster service have been nibbling at restaurant profits since World War II.

"The public," he said, "wants to grab, gobble, gulp and run."

Gas, Hub Cap Thieves Facing Charges Here

Sheriff Hays Wants
Man, Youth Held
In Highland County

Four Highland County teenagers and a 24-year-old man, who were given stiff penalties in the Highland County Juvenile Court and a Justice of Peace Court after they admitted stealing gasoline and hub caps, are not through with the law yet.

Sheriff Orland Hays said Wednesday the five will be brought to Fayette County in about a month to face similar charges, filed by Deputy Sheriff Don Thompson following an investigation of missing hub caps here.

The man, Richard Snider, 24, a Boston (just east of Hillsboro) bus driver, was fined \$200 and costs and sentenced 90 days in jail by Justice David Boothby. However, \$150 of the fine and 70 days of the jail sentence were suspended.

Three of the juveniles, two of whom were involved in thefts of hub caps, tires and gasoline, were fined \$25 and given three days in jail, but the penalties were suspended. They also were placed on probation, suspended from driving for a year and ordered to stay out of automobiles driven by anyone other than their parents.

The fourth youth, involved in only one hub cap theft, was placed on probation for six months and suspended from driving for a like period.

AFTER Deputy Thompson had questioned the five following their arrest in Hillsboro last week, "hold warrants" for them were filed by Sheriff Hays, who said Wednesday morning that they all will be brought here as soon as Snider serves his 20-day jail sentence in Highland County. They will be charged with grand larceny, he indicated—a more serious charge than that of petty larceny to which Snider pleaded guilty at Hillsboro.

Hub caps have been reported stolen from cars parked at places just outside Washington C. H. for several weeks, Sheriff Hays said, and added that the Hillsboro arrests climaxed a long investigation by him and his deputies.

Chief of Police Vaiden Long and that while some reports of hub cap thefts in Washington C. H. had been received during this period, most of them had been stolen outside the city limits.

Officers said the break in the investigation came when Constable Frank S. Ross of Highland County arrested one of the youths for stealing gasoline in Boston. A gasoline can taken from the Oscar Parrish farm near Boston and several hub caps were found in his car. Identity of the others was learned when he was questioned, the constable said.

The border line between China and Burma was once marked by large stones. But, tribesmen soon took up the stones to use as farm tools, especially in grinding grain.

BPW Members, Guests Hear Talk by State Club Leader

Members of the Business and Professional Women's Club and their guests heard an address by Mrs. Lucile Cowan, Xenia, state BPW Federation chairman, at a dinner meeting of the Washington C. H. group at the Country Club Tuesday night.

Mrs. Cowan spoke of the aims and achievements of the association since the first BPW federation was formed in St. Louis in 1912 and pointed out that Ohio now has a membership of 10,162 in 148 clubs for the third largest total in the country.

The speaker stressed the principles of humility and high aims in new levels of leadership, basing her talk on a "gift package" of "truth, love, tolerance, understanding, good judgment, courage and kindness."

MISS Mary Frances Snider, president, was in charge of the meeting, and Mrs. Harold Hyer, chairman of the public affairs committee, introduced the speaker and the special guests who were:

Miss Mary Kennedy, Circleville, district director; Miss Bess Kennedy of Xenia, and Miss Anna Chandler of Circleville. Mrs. Clarence Craig then introduced guests of other clubs of Washington C. H., who were Mrs. Loren D. Hynes, president, Daughters of 1812; Mrs. Ralph Child, Delta Kappa Gamma; Mrs. Glenn Ford, president, American Legion Auxiliary; Mrs. Thomas Parrett, president, DAR; Mrs. Charles Marine, vice president, League of Women Voters; Mrs. Dick Junk, vice president, Lions Club; Mrs. Paul S. Craig, president, Cecilians; Mrs. N. M. Reiff, president, Medical Auxiliary; Mrs. Frank Junk, representing Hair Dressers Auxiliary; Miss Gretchen Darlington, representing the Fayette County Nurses Association.

Invitations were extended to the local club from the Greenfield Business and Professional Women's club and the Leesburg clubs.

The group voted to purchase 10 tickets for the Marionette Show sponsored by the Mothers' Club to be presented to the children at the Children's Home. Members of the

club endorsed the health and TB levies in the November election.

Mrs. Mark King, of the education committee, introduced the two girls of the month, Nancy Sollars and Jackie Hoppes of Good Hope High School, and told of the various activities of each girl.

Mrs. Chester Clay of the membership committee welcomed seven new members and the president assigned each one to a committee.

IT WAS announced that four members attended the district meeting at Chillicothe Oct. 14 and a brief resume of the meeting was given.

Nine members of the Greenfield club were guests: Juretta Mossbarger, Marjorie Johnson, Peggy Smith, Carrie L. Boden, Marian Tennenbaum, Mary Minton, Eva Roads, Mary Anne Sommers, and Helen Dillon, and two members of the Leesburg

Early Chest Returns List Total of \$4,424

Cash and pledges totaling \$4,424.85 in Fayette County's Community Chest appeal had been reported at the close of business Tuesday, Perse Harlow, executive secretary said.

Goal of this year's campaign, which for the first time embraces the Red Cross and Girl Scout organizations, is \$23,500—an increase of \$10,000 over last year.

First reports in the residential appeal, which got under way Monday, were made by Mrs. Walter Aills of the First Ward, and Mrs. Walter Donohoe, of the Second Ward.

Chest officials said first returns

from business and employe group solicitations were very encouraging, but they pointed out that other divisions will have to do that well or better if the campaign is to succeed.

Rose Avenue PTA Endorses School Issues

The Rose Avenue Parent Teacher Assn., Tuesday unanimously endorsed the proposed school bond issue and operating levy at a meeting in the Rose Avenue elementary school.

School board member W. A. Lovell attended the meeting and explained the levy and issue to the members. He attempted to answer all their questions in a discussion following his talk.

The bond issue, if passed, said Lovell, will provide 27 new classrooms in the elementary system here. The space is needed, he said, to house the more than 200 students who are now being transferred out of their own districts into emergency and other classrooms. The classrooms are needed to provide space for the increase in school children expected by 1960. They are needed to reduce the present size of classes.

15 of the new classrooms will be in new building replacing East Side School. Eight will be in the Belle Aire addition, two in Cherry Hill's addition and two in an addition at Rose Avenue School.

THERE WERE a good many questions about the Washington C. H. Board of Education's Monday announcement that if a Citizen's Committee is formed, they will withhold issuance of bonds for less urgent construction until the Committee has made its recommendations.

Some of the PTA members at Rose Ave. feared their two-room addition would be considered not part of the "most urgent part of the over all building program."

All present signified approval when the time came to vote, however.

Lovell, in explaining the issue and levy, reemphasized they were two entirely separate measures. The levy is simply for the operation and maintenance of the present system and has nothing to do with the building program to be financed by the bond issue.

In a business meeting conducted before the meeting with Mr. Lovell, the group discussed money-making plans for the year and gave the ways and means committee, chaired by Mrs. Harry Townsend, the job of investigating money-raising schemes.

The hosts and hostesses were the officers of the PTA and their husbands, Mr. and Mrs. Richard Whitely, Mr. and Mrs. William Souther, Mr. and Mrs. Charles DeWitt, Mr. and Mrs. Kenneth Blair and Mr. and Mrs. Thurman Coulter.

as the basis of the discussion.

It was pointed out that there are 22.2 million people living on farms. Two million are farm families—about 8 million people are "full time" farmers and ranchers. It was stated that whether the farmer owns his whole business or rents, he hires labor, buys raw materials, produces and markets products and has heavy investments in inventory and planting. Full-time farmers represent 5.4 per cent of the population and earn about 4 per cent of the nation's income.

Farmers net income has been falling since 1947, with the exception of the Korean War year of 1951. While business activity moved upward and profits and payrolls continued to hit new peaks, total net farm income dropped.

The farmer's average net income from marketing in 1950 was about \$3,800. Last year it was about \$3,000. It is clear that there are some roadblocks that prevent the farmer from earning what he should, the group agreed. For instance in 1947, farmers' gross income was \$34 billion, expenses \$16.8 billion, leaving a net of \$17.2 billion. Last year the gross was about the same but expenses were \$5.6 billion more than in 1947, and the net was \$6.4 billion less than in 1947.

Those present discussed ways to reduce all costs to farmers, including such off-the-farm costs as taxes, costs of marketing and distribution, and costs of goods farmers buy.

Farm - City Week was announced for Nov. 16-22.

Refreshments were served by the host and hostess.

Restaurant Prices Expected to Go Up

COLUMBUS (AP)—Restaurant prices are going up, according to a speaker at the Ohio State Restaurant Assn. meeting here.

Travis Elliott, Texas management consultant, said Tuesday that higher wages and shorter hours for workers, food price increases and public demand for faster service have been nibbling at restaurant profits since World War II.

"The public," he said, "wants to grab, gobble, gulp and run."

Gas, Hub Cap Thieves Facing Charges Here

Sheriff Hays Wants
Man, Youth Held
In Highland County

Four Highland County teen-age youths and a 24-year-old man, who were given stiff penalties in the Highland County Juvenile Court and a Justice of Peace Court after they admitted stealing gasoline and hub caps, are not through with the law yet.

Sheriff Orland Hays said Wednesday the five will be brought to Fayette County in about a month to face similar charges, filed by Deputy Sheriff Don Thompson following an investigation of missing hub caps here.

The man, Richard Snider, 24, a Boston (just east of Hillsboro) bus driver, was fined \$200 and costs and sentenced 90 days in jail by Justice David Boothby. However, \$150 of the fine and 70 days of the jail sentence were suspended.

Three of the juveniles, two of whom were involved in thefts of hub caps, tires and gasoline, were fined \$25 and given three days in jail, but the penalties were suspended. They also were placed on probation, suspended from driving for a year and ordered to stay out of automobiles driven by anyone other than their parents.

The fourth youth, involved in only one hub cap theft, was placed on probation for six months and suspended from driving for a like period.

AFTER Deputy Thompson had questioned the five following their arrest in Hillsboro last week, "hold warrants" for them were filed by Sheriff Hays, who said Wednesday morning that they all will be brought here as soon as Snider serves his 20-day jail sentence in Highland County. They will be charged with grand larceny, he indicated—a more serious charge than that of petty larceny to which Snider pleaded guilty at Hillsboro.

Hub caps have been reported stolen from cars parked at places just outside Washington C. H. for several weeks, Sheriff Hays said, and added that the Hillsboro arrests climaxed a long investigation by him and his deputies.

Chief of Police Vaiden Long and that while some reports of hub cap thefts in Washington C. H. had been received during this period, most of them had been stolen outside the city limits.

Officers said the break in the investigation came when Constable Frank S. Ross of Highland County arrested one of the youths for stealing gasoline in Boston. A gasoline can taken from the Oscar Parrish farm near Boston and several hub caps were found in his car. Identity of the others was learned when he was questioned, the constable said.

The border line between China and Burma was once marked by large stones. But, tribesmen soon took up the stones to use as farm tools, especially in grinding grain.

BPW Members, Guests Hear Talk by State Club Leader

Members of the Business and Professional Women's Club and their guests heard an address by Mrs. Lucille Cowan, Xenia, state BPW Federation chairman, and a member of the Xenia club, at a dinner meeting of the Washington C. H. group at the Country Club Tuesday night.

Mrs. Cowan spoke of the aims and achievements of the association since the first BPW federation was formed in St. Louis in 1912 and pointed out that Ohio now has a membership of 10,162 in 148 clubs for the third largest total in the country.

The speaker stressed the principles of humility and high aims in new levels of leadership, basing her talk on a "gift package" of "truth, love, tolerance, understanding, good judgment, courage and kindness."

MISS Mary Frances Snider, president, was in charge of the meeting, and Mrs. Harold Hyer, chairman of the public affairs committee, introduced the speaker and the special guests who were:

Miss Mary Kennedy, Circleville, district director; Miss Bess Kennedy of Xenia, and Miss Anna Chandler of Circleville. Mrs. Clarence Craig then introduced guests of other clubs of Washington C. H., who were Mrs. Loren D. Hynes, president, Daughters of 1812; Mrs. Ralph Child, Delta Kappa Gamma; Mrs. Glenn Ford, president, American Legion Auxiliary; Mrs. Thomas Parrett, president, DAR; Mrs. Charles Marine, vice president, League of Women Voters; Mrs. Dick Junk, vice president, Lioness Club; Mrs. Paul S. Craig, president, Cecilians; Mrs. N. M. Reiff, president, Medical Auxiliary; Mrs. Frank Junk, representing Hair Dressers Auxiliary; Miss Gretchen Darlington, representing the Fayette County Nurses Association.

Invitations were extended to the local club from the Greenfield Business and Professional Women's club and the Leesburg clubs.

The group voted to purchase 10 tickets for the Marionette Show sponsored by the Mothers' Club to be presented to the children at the Children's Home. Members of the
